The point at which change occurs

Eating Disorders

PICA –eating non-food items

Rumination Disorder

Avoidant/Restrictive Food Intake Disorder

Anorexia Nervosa

Bulimia Nervosa

Binge Eating Disorder

Other Specified Feeding or Eating Disorder

Dewpoint services are provided by licensed professional therapists who have worked with eating disorder clients (ED/BED) for over twelve years. We provide education and insight into next steps for a **best practice** treatment approach. We work with families to create a treatment team around them. Finding the right professionals who specialize in ED/BED care, is very important. If you or a family member is struggling with eating disorder thoughts, feelings and behaviors, please give us a call today (269) 428-9355.

We work in conjunction with **SMEDA: Southwest Michigan Eating Disorder Association.**
